## THE FEVER SITUATION AT LAREDO

Many New Cases and a Number Of Deaths Are Reported.

Laredo, Texas, Nov. 10.—Five new and fifteen old cases of yellow fever have developed within the past twenty-four hours, and five deaths have occurred. This totals 767 cases and 75 deaths.

Three additional cases are reported today from the Cannel coal mines, making eleven at that place.

Two deaths were announced from the Minera mines, making ten deaths there.

Monday morning's Express in a local story stated that Dr. Tabor heartily agreed with Dr. Guiteras' proposition to establish a detention camp several miles north of Laredo. Dr. Guiteras said today that this was a mistake and that Dr. Tabor, on the contrary, refused to permit the marine hospital service to establish the detention camp unless it was under the authority of the State.

A meeting of those who volunteered at a mass meeting yesterday has been called for tomorrow morning. The city will be divided into districts and each volunteer inspector will be placed in charge of a district. It is expected that two inspections of every house in the city will be made daily, provided the inspectors can cover the territory assigned them.

A strong effort was made today to get more citizens to volunteer, but it is next to impossible to get business men to close their stores and offices to do this work. However, those having the matter in hand are working strenuously to this end, and hope to secure a sufficient force by tomorrow to do effective work. The weather remains warm and exceedingly unfavorable.

## PANAMA SITUATION

President and Cabinet Considered the Situation.

Washington, Nov. 10.—For the first time since last June all the members of the cabinet were present today at a formal meeting. It was after 11 o'clock when the members assembled at the executive office and about 12:30 when they adjourned. The Panama situation was practically the sole topic of discussion. While Secretary Hay had little in the form of late developments to present, the situation with respect to the revolution, out of which has grown the republic of Panama, was considered thoroughly. The situation so far as American interests on the isthmus are concerned is regarded to be in excellent shape.

The status of M. Philippe Buneau-Varilla, the representative in this country of the republic of Panama, was considered, but no statement concerning the matter was made at the conclusion of the meeting. If no change in the present situation should occur it is not regarded as likely that any additional naval force will be ordered to the isthmus. Certainly no land forces would be ordered to Panama unless the revolution should take a serious turn.

## Association News.

At a meeting of the Pastor's Association last Monday morning, it was decided to hold a union Thanksgiving service in the Methodist church; further particulars will be given in this paper.

The arithmetic and penmanship classes, taught by Professors Fritz and Campbell, which meet on Monday, Wednesday and Friday nights, are very well attended, and any one desiring to enter these classes can do so at any time.

The prayer meeting last night, led by Rev. Anderson, in point of numbers and addresses delivered, was better, if possible, than the preceding one of the night before. Tonight at 8 p. m. Mr. S. J. Brient will lead the prayer meeting.

Tomorrow night Mrs. Bertha Kunz Baker, the greatest dramatic reader in the country, who created such a furor here last season, will appear as No. 3 on the Y. M. C. A. Star Course.

## Birthday Party.

Monday afternoon little Miss Margie Ballew celebrated her eighth birthday by entertaining a number of her friends with a party, at the home of her parents, Mr. and Mrs. W. Y. Ballew. All reported a jolly good time.

## NEW AND FATAL DISEASE APPEARS

Peculiar Epidemic Breaks Out at Helmetta, New Jersey.

New York, Nov. 10.—A strange and fatal disease has become epidemic in the manufacturing village of Helmetta, N. J. The disease is accompanied by symptoms usual in scarlet fever cases, but its progress is much more rapid.

In some cases death has ensued in three days, and the doctors so far have been unable to diagnose it.

Seven deaths have occurred within the last two weeks.

The public schools have closed and stringent quarantine measures have been adopted. The victims are children with one exception.

## SAN ANTONIO IS STILL KICKING

Citizens Again Clamoring for the Removal of Quarantine.

San Antonio, Tex., Nov. 10.—No new fever cases were reported to the board of health today. Thus far the quarantine regulations have undergone no change.

Adjutant General Hulen is still here conferring with State Health Officer Tabor, but they give out nothing.

Citizens of the city are complaining bitterly against further maintenance of the quarantine, and the claim is made that, even if any necessity existed for it, such has passed.

The experts unearthed a suspicious case this morning. It is the first case reported in seven days. No deaths.

## Notice.

To the Woodmen of Anderson county: On Sunday afternoon, Nov. 22, 1903, seven monuments will be unveiled by the Palestine Woodmen in East Hill cemetery. This will be the first conspicuous unveiling the Woodmen have had, and all Sovereigns and their friends are cordially invited to attend. The camps in our neighboring counties are also invited.

We will have good speakers, and will, if possible, have Head Consul W. A. Frazer of Dallas with us; also other head camp officers.

We hope all choppers and their friends will come and witness one of the prettiest ceremonies in Woodcraft and the one salient features in which the Woodmen excel all other fraternal insurance orders. JOHN H. GUYOT, Sycamore Camp No. 26.

## In Their New Home.

Mr. John Guyot and family have moved into their new home, just completed out on Royall street. The new house is two story, and handsomely finished. Mr. Guyot is to be congratulated on owning such a handsome home.
